

Hadnall Parish Council

Planning policy

Hadnall Parish Council can decide its response to a planning application consultation in one of three ways:

1. Consideration in public at a properly constituted meeting of the full Parish Council.
2. Consideration in public at a properly constituted meeting of the Council's Planning Committee (see separate Terms of Reference).
3. The Parish Council has delegated authority to the Proper Officer (Clerk) to respond to non-contentious planning applications in consultation with the Chairman of the Planning Committee and/or members of the Planning Advisory Group. This does not require a public meeting. No agenda or minutes are necessary, but a report of decisions made will be presented to the next meetings of the Parish Council and Planning Committee.
